

# LEDundo

### ADVANCED TECHNOLOGY

15% OF OUR STAFFS ARE DOING RESEARCH&DEVELOPMENT WORK. THIS DYNAMIC TEAM CONTRIBUTES ENDLESS VITALITY AND INNOVATION. WE ARE SO PROUD OF OUR CREATIVE

### FIRST-CLASS EQUIPMENTS

TO PRODUCE THE WORLD FIRST-CLASS LED DISPLAYS, WE NEVER LIMIT OUR BUDGET ON EQUIPMENTS. OUR 10000 HOURS DEBUGGING PROJECT HELP US TO MAKE SURE EVERY SINGLE PIXEL WILL WORK EXCELLENTLY.

### COMFORTABLE OFFICE SPACE

NICE OFFICE SPACE CAN STIMULATE EMPLOYEES' ENTHUSIASM AND CREATIVITY. WE PROVIDE A COSY PLACE JUST TO CREATE BETTER SOLUTIONS AND SERVE OUR CLIENTS BETTER.

## COMPANY PROFILE

LEDMUNDO has concentrated on the research and development of LED display for more than 8 years. As a China-based LED manufacturer, we still stand out in this competitive industry by our innovation and excellent service. We always strive to offer creative solutions, high quality products and reliable service for our customers worldwide. Our products have won lots of awards and certificates. Whenever you come up with a LED display demand, our team will design the most creative, dependable and cost-effective solutions for you.

WATERPROOF UP TO IP65 PROTECTION

LED advertising billboard is designed to meet any bad weather condition. No matter it is outdoor or indoor application, no matter it is storm weather or sun exposure, you just need to choose the most cost effective configuration.

UP TO 7500 NIT BRIGHTNESS

LED MUNDO chooses to cooperate with industry-leading LED light manufacturer. So we can guarantee the quality of our LED displays. You can choose to control the brightness automatically adjusting to the environment.

FRONT AND REAR MAINTENANCE

Regularly, a LED display system will be used more ten years. In the meantime, it is difficult to avoid every trouble. But how can we improve the efficiency of the service? The front and rear maintenance design solves this problem easily. Thanks to this design, you can tear down the module within 30 seconds.

REMOTE CONTROL

Traveling and making money both? Yes, with this remote control function, you can real-time control the running of the LED display with your pc or mobile phone.
